Selection International Series	Silver	Red	Argentine Malbec	0	Toasted Oak	23L	\$159	6	Selection International Series features grapes harvested from great winemaking regions outside of North America. Like Selection Original, this premium wine kit contains 100% pure varietal grape juice and varietal grape juice concentrate, while offering varietals from the finest the world has to offer.	The Argentine Malbechas found uniquely favourablegrowing conditions in Argentina and has no doubt created one of the most successful and delicious Malbec wines in the world. A combination of desert climate, cold nights, and irrigation of eternal snows from the Andes, creates an especially healthy environment for these vines. An intense bouquet of damson plums, blackcurrant and violet aromas give way to a slight touch of hunting and leather notes. This richly purple coloured Malbec carries a velvety texture with long, soft flavours. Although it ages beautifully, firm tannins and mellow acidityallow this wine to be enjoyed while young.
